

Data Visualization with Power BI and Tableau

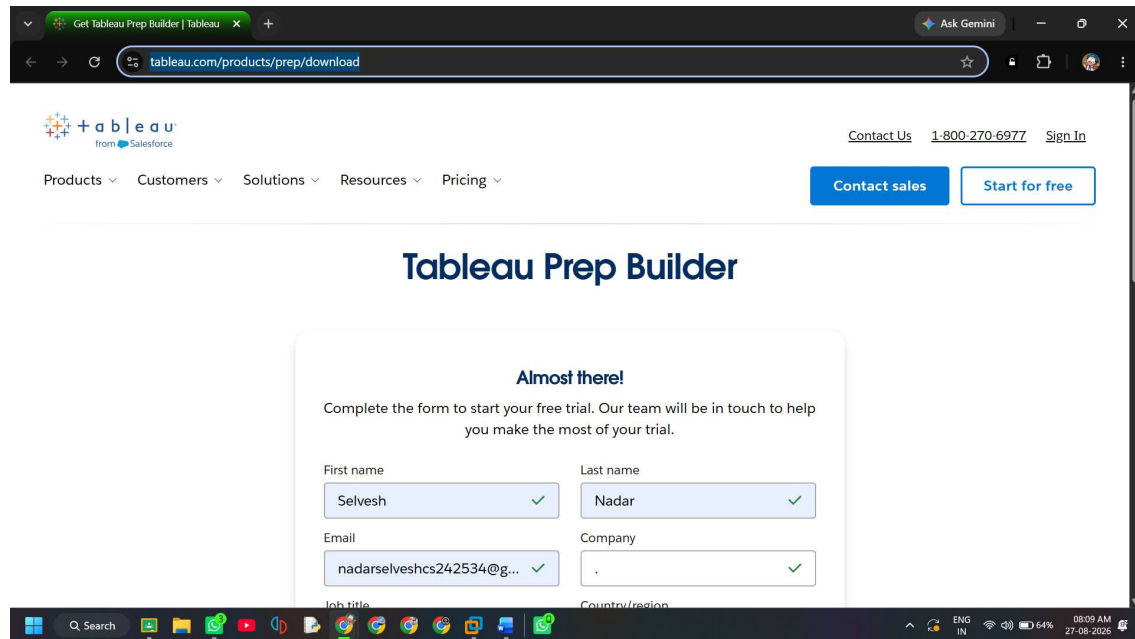

Installation of Tableau Prep Software.

Dr. Mahendra Kanojia

Before starting with the Lesson 10 we need to download this software, there might be issues while installing this software and those issues are also covered in the steps.

Step 1:

Click the Link <https://www.tableau.com/products/prep/download>

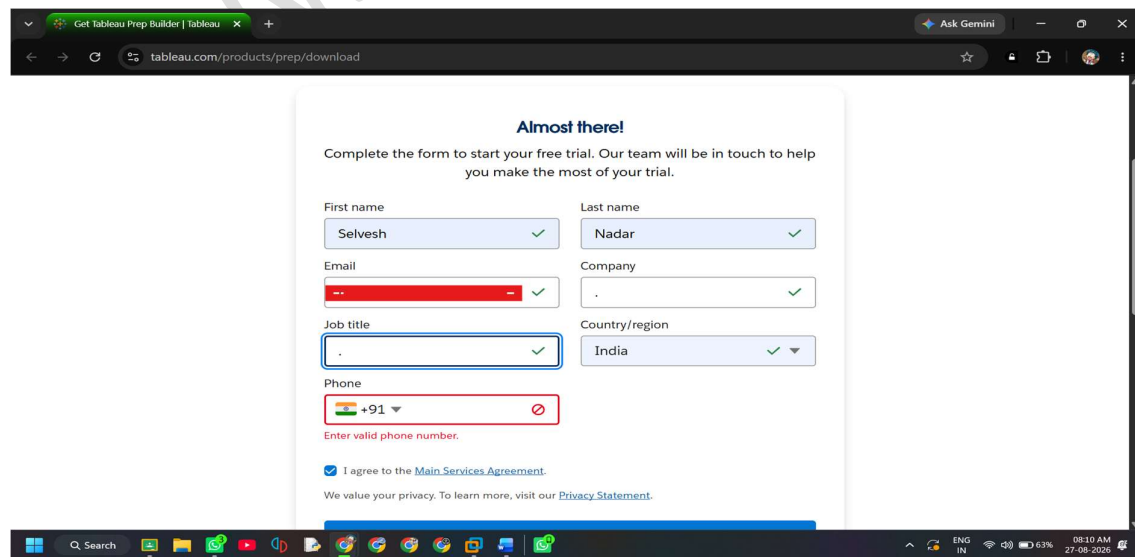

The screenshot shows a web browser window with the URL [tableau.com/products/prep/download](https://www.tableau.com/products/prep/download). The page header includes the Tableau logo, navigation links (Products, Customers, Solutions, Resources, Pricing), and buttons for 'Contact sales' and 'Start for free'. The main heading is 'Tableau Prep Builder'. Below it, a form titled 'Almost there!' prompts the user to complete details for a free trial. The form fields are: First name (Selvesh), Last name (Nadar), Email (nadarselvshcs242534@g...), Company (.), Job title (.), and Country/region (India). The form is partially filled, with some fields showing green checkmarks indicating successful input.

You Will be Directed to this Page

Step 2:

Fill the details

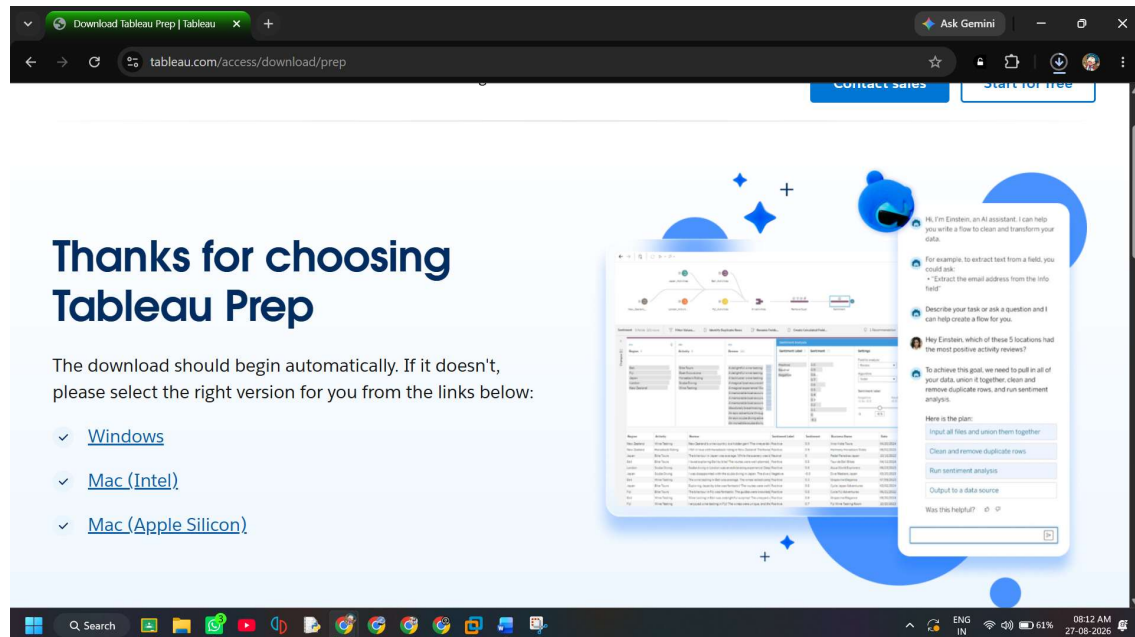

The screenshot shows the same web browser window as before, but the form titled 'Almost there!' is now fully filled out. The fields are: First name (Selvesh), Last name (Nadar), Email (nadarselvshcs242534@g...), Company (.), Job title (.), and Country/region (India). The form is now complete, with all fields showing green checkmarks. Below the form, there is a checkbox for 'I agree to the Main Services Agreement' and a link to the 'Privacy Statement'.

Dr. Mahendra K.

Data Visualization with Power BI and Tableau

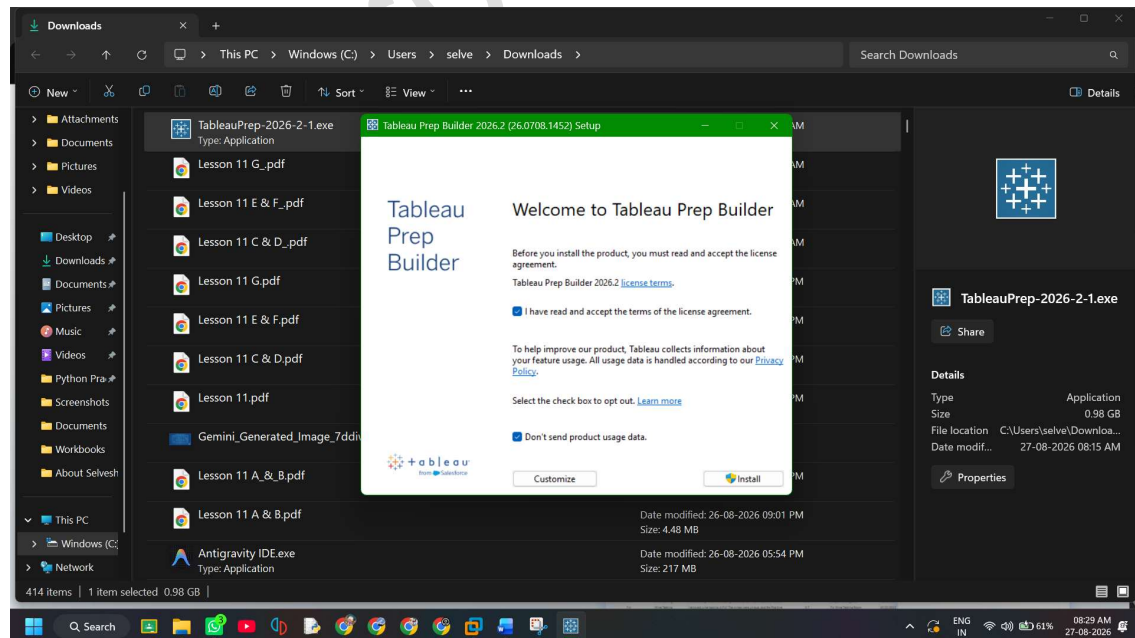

In the Field of Company and Job title just enter Dot and Agree to their agreement and click download

Step 3:

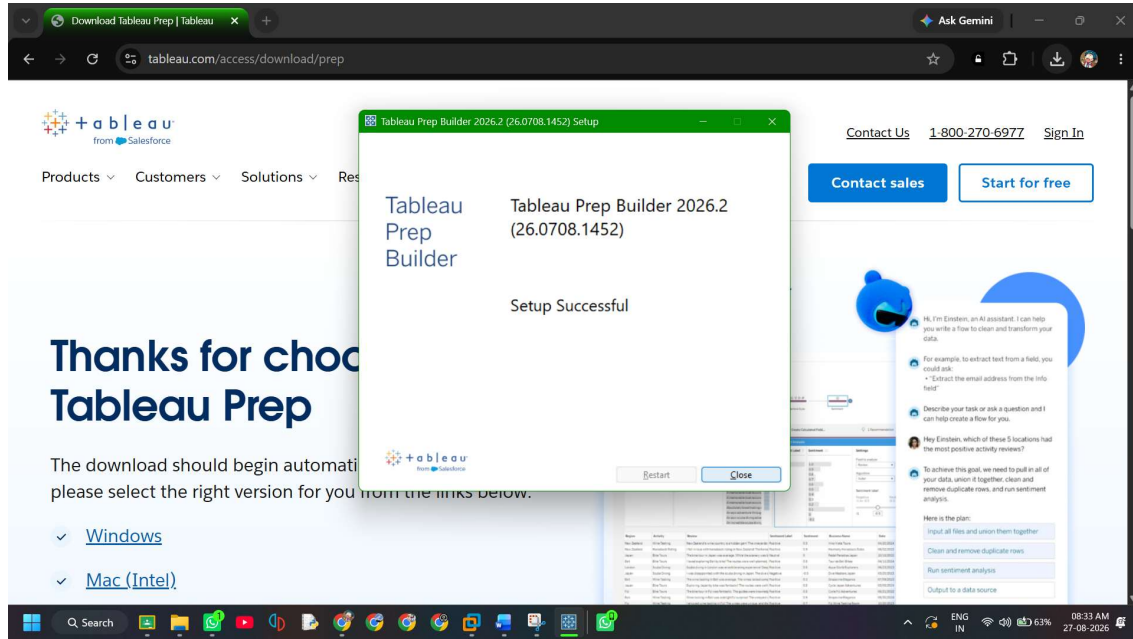

You will be directed to this particular page, Click on the options valid to you or the Download has already started after entering this page (I am doing Windows since I have a Windows Machine.)

Step 4:

Locate the downloaded file (.exe) and accept the conditions.

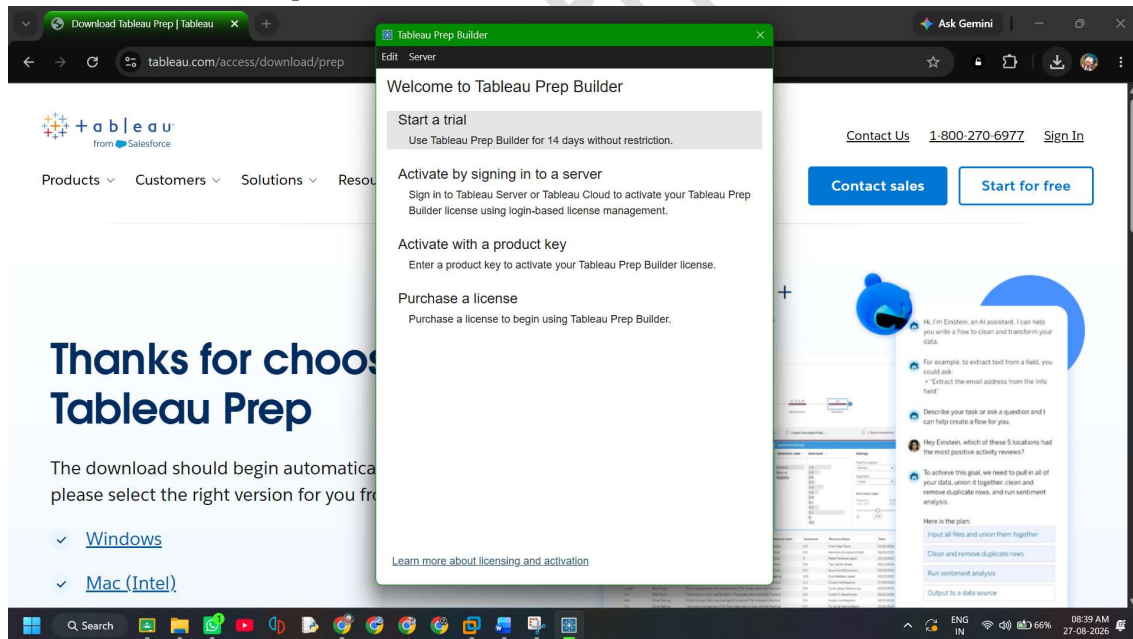

Data Visualization with Power BI and Tableau

After installation is completed and click close.

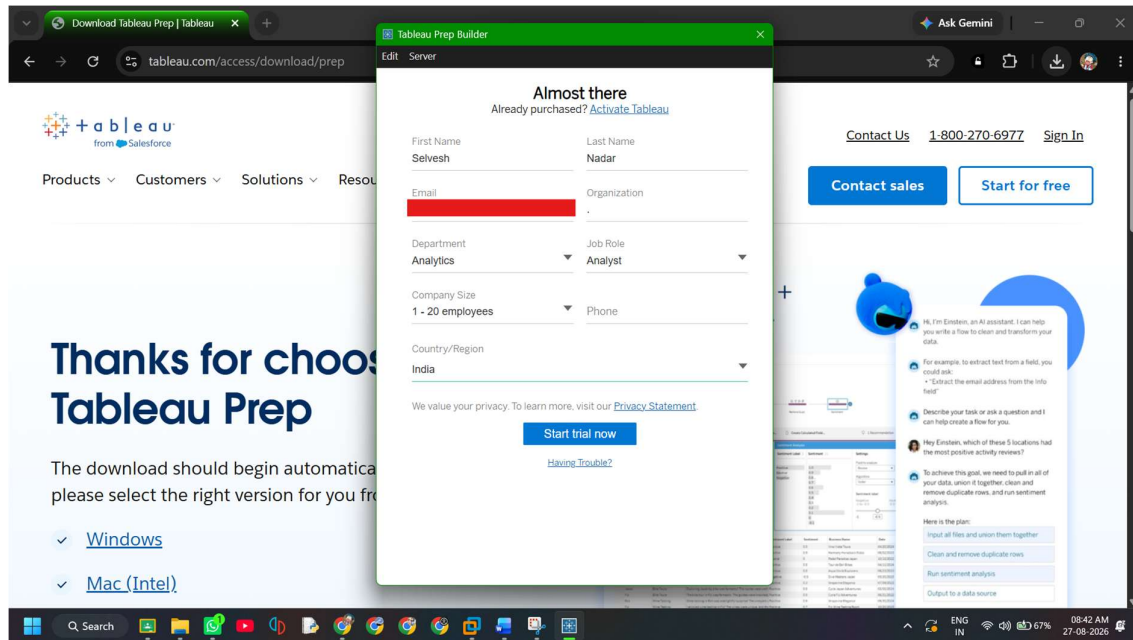

Step 5:

Launch the Tableau Prep Builder and click on start a trial

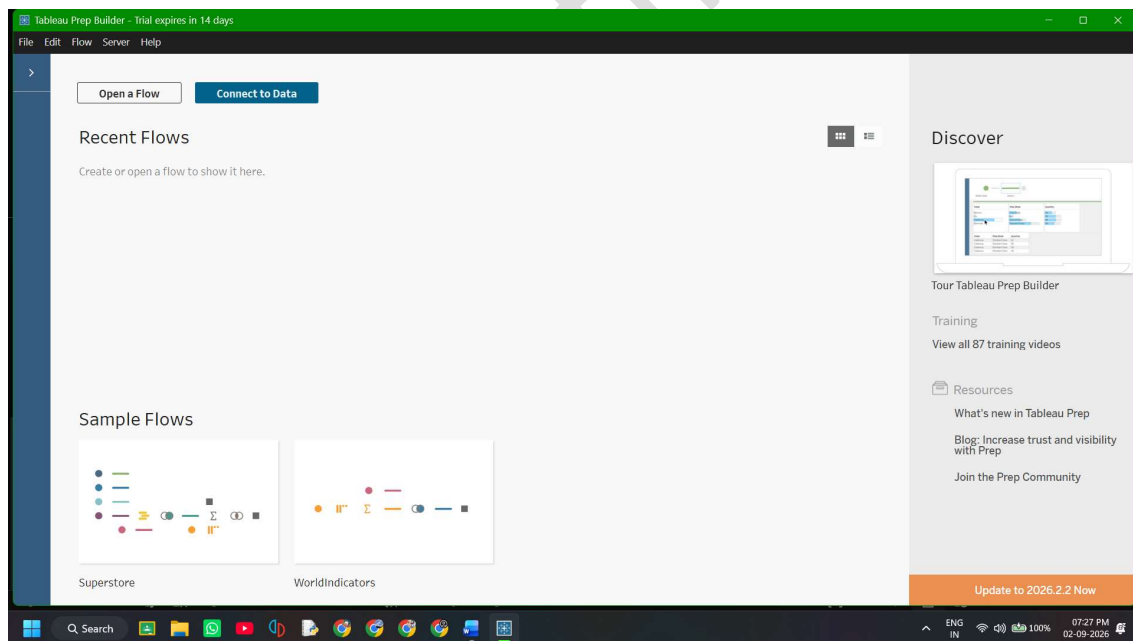

After Clicking in start trial fill the details and in Organization field just enter a dot and fill the other details as shown in snapshot and click start trial now.

Data Visualization with Power BI and Tableau

After Filling your details click on start trial

(Note: If your Screen get stuck on same page try doing the same steps again and again)

We have successfully Installed the Tableau Prep Software.
